Objective

Resourceful and detail-oriented Graphic Design student with hands-on experience in retail, customer service, and team collaboration eager to gain professional experience, enhance technical skills, and grow as a creative professional. Seeking an opportunity to apply creativity, technical skills, and a passion for innovation in a collaborative environment.

Technical Experience

"Moosetape" Tribute Project - *https://www.webtechsandhu.com/mult124a2/index.html*

- Designed and developed a responsive single-page tribute website honoring Sidhu Moose Wala's Moosetape album, integrating HTML and CSS to create a visually engaging user experience.
- Curated and organized multimedia content, including album information, artist biography, and popular tracks, to provide a comprehensive overview of the artist's work.
- Implemented intuitive navigation and layout, enhancing user accessibility and ensuring seamless interaction across various devices and screen sizes.
- Utilized external media sources, such as YouTube and Pinterest, to enrich the website with relevant images and videos, offering users a dynamic and immersive experience.
- Demonstrated proficiency in web development tools and best practices, showcasing the ability to translate artistic concepts into functional and aesthetically pleasing web designs.

Comic Style Poster Design - *link*

- Designed a high-impact comic poster titled "Shadow: Hero Born in Darkness" using Adobe Illustrator, blending dramatic visuals with bold typography to evoke a sense of mystery and heroism.
- Utilized advanced vector illustration techniques to create a custom character, dynamic poses, and urban background, demonstrating strong skills in composition and digital artistry.
- Incorporated layered visual storytelling by balancing text and imagery, guiding the viewer's eye while maintaining clear narrative flow and thematic consistency.
- Executed creative direction independently, handling concept development, color palette selection, and visual effects (e.g., shadows, highlights, blood drips) to enhance emotional appeal.
- Applied typographic hierarchy and design principles to deliver a compelling promotional piece suitable for comic marketing, showcasing both design thinking and attention to detail.
